Mosquito repellent is now available as a Medicaid benefit!

Beginning August 9, 2016, Texas Medicaid will cover certain mosquito repellent products as a Medicaid benefit for the prevention of Zika virus. Zika can cause severe birth defects in unborn children whose mothers are infected while pregnant. Because there is not a vaccine to prevent the disease or medicine to treat it, it is important for women to use repellent to protect themselves and unborn babies.

Who is covered?

- Women ages 10-45 and Pregnant women of any age in the following programs:
 - Medicaid
 - Children's Health Insurance Program (CHIP)
 - CHIP-Perinate
 - Healthy Texas Women

Benefit details:

- A prescription is required, as with over-the-counter medications.
- One can/bottle of mosquito repellent is permitted per prescription fill, with one refill allowed per calendar month.*
- This benefit ends on October 31st, 2016.
- Prescriptions for mosquito repellent will not count against the monthly 3 prescription limit for those clients with a monthly limit.
- Repellent will be provided at no cost to Medicaid clients.
- CHIP members may pay the generic copay or less, if the cost of the repellent is less than the copay.

How to get repellent:

- Contact your favorite pharmacy to make sure they are participating in this benefit. To find your pharmacy's phone number, you may use the Provider Lookup feature on our website:
 <u>www.txvendordrug.com</u>. If you are enrolled in an MCO, please refer to that MCO's website, or call the Member Services number on the back of your Member ID card.
- Ask for a prescription for the mosquito repellent by contacting your healthcare provider, and then ask them to send it to your pharmacy
 - Your provider can send a prescription to your pharmacy via phone, fax, or e-prescription
 - Do not request an office visit only to request a prescription for mosquito repellent unless required by the healthcare provider
- Have this prescription filled at your pharmacy.

Where can I find more information about Zika and Zika prevention?

- Department of State Health Services: <u>www.TexasZika.org</u> and <u>www.TexasZika.org/prevention</u>
- Centers for Disease Control and Prevention: <u>www.cdc.gov/zika/</u>
